

EVEN TENNESSEE JOINS IN REPUBLICAN VICTORY

TRADITION OF
SOLID SOUTH
FINALLY ENDSHarding Is Now Certain of 390
Electoral Votes With 14
Others in Doubt

NEW YORK, Nov. 4.—Tennessee has swung into the swelling Republican column, shattering the Democratic traditions of a "solid south," and nearly complete returns from that state showed today. Her shift from the Democratic ranks, coupled with a similar upset in Oklahoma, assured Harding that 390 electoral votes against 127 definitely in the Cox column and left in doubt but 14 seats in the electoral college, divided among Arizona, three; Nevada, three; New Mexico, three; and North Dakota, five.

In all these states save New Mexico Harding was in the lead on available returns, and even in New Mexico the Republican managers were claiming a Harding plurality, though available returns showed a Cox lead.

Several notable upsets occurred in the congressional race, among them the retirement by Missouri voters of former Speaker Champ Clark. The house will have one Socialist member, Meyer London, of New York, who defeated the fusion candidate.

ODDIE THANKS
NEVADA VOTERS

By Tasker L. Oddie, Senator-Elect.

I thank the people of Nevada for the splendid confidence they have shown in me by electing me to the United States senate, and feel deeply the tremendous responsibility they have placed on me and will give my very best efforts in serving them, our state and our country in an efficient, energetic and constructive manner.

Now that the election is over, we must all get down to business and support the new administration wholeheartedly and loyally, realizing that its success means the happiness and prosperity of all the people. Its problems and difficulties will be great and complex, and our self-interest demands that we give it all the aid and encouragement possible.

INDIANAPOLIS, Ind., Nov. 4.—Attorney General Palmer was advised in a telegram from Federal Judge A. Anderson today that an investigation of the attorney general's connection with the case against the 125 coal operators and miners will be

made when the case is called for trial in federal court here on November 8. No indication of the nature of the investigation was given in the telegram, but it was believed that Dan Simms, former assistant counsel for the government, will be called to explain alleged proposals in regard to evidence in the case said to have been made by Palmer and which resulted in Simms' withdrawal from the case.

PARIS, Nov. 4.—Paris morning newspapers agree that Senator Harding's election is a distinct defeat for the league of nations as established by the Wilson covenant. La Liberte says "American common sense has condemned Utopia in all its forms."

LONDON, Nov. 4.—Leading British provincial newspapers consider the election of Senator Harding as an indication that the electorate is tired of what the journals call "one man rule."

BERNE, Nov. 4.—Swiss newspapers today comment sympathetically on the election of Senator Harding. The Bund considers Harding's victory "the first natural reaction against the autocratic tendencies and international policy of President Wilson."

NEVADA COUNT
ALMOST ENDED

By Associated Press.

RENO, Nov. 4.—With less than 500 votes uncounted, Nevada has given Senator Harding a plurality exceeding 4000 over Governor Cox. Former Governor Oddie, Republican, has been elected senator over his Democratic opponent, Senator Henderson, by a majority of 1000, and Samuel Arentz, Republican, defeated Charles Evans, Democratic incumbent, for congress by a majority of 3000. The state legislature will have a Republican majority.

VICTORY AT POLLS
IS CELEBRATED

The Republicans last evening celebrated their victory in the election by a parade up and down Main street. The band was out and played a number of pieces and fireworks were used to enliven the occasion. Due to the rather chilly weather and the fact that everyone was tired out with the exertions of the previous day, the attendance was not as large as was expected.

HENDERSON WILL
SUPPORT ODDIE

By Associated Press.

ELKO, Nev., Nov. 4.—Senator Henderson has wired congratulations to Senator-elect Oddie at Reno in the following statement: "The voters of Nevada and these of the nation have signified their desire for a change of administration and all I can say is that as a citizen I shall give the new senator my wholehearted support in any measure that tends to the development of Nevada. To my friends who voted for me I offer my sincere thanks. Though defeated, I feel that I have won a signal victory, and the vote of my home county and in other counties is such that my vindication has been complete. It was a Republican landslide, and I feel that the vote extended me was a vote of confidence which I cannot help but appreciate deeply. In the future, as in the past, I shall give Nevada my best."

Senator Henderson will leave in a few days for Washington.

MANY GAINS ARE
MADE IN SOUTH

By Associated Press.

ATLANTA, Ga., Nov. 4.—Tennessee and Louisiana are not the only states in the solid south in which the Republicans made unexpected gains in the presidential election. Latest reports from Florida show that Harding carried a number of towns in that state, including St. Petersburg, Orlando and Daytona. For the first time in their history several towns and county precincts in 60 Mississippi districts gave Republicans majorities. Some counties in Alabama, heretofore strongly Democratic, also returned Republican majorities.

RED CROSS IS
EXTENDING WORK

By Associated Press.

WASHINGTON, D. C., Oct. 25.—The American Red Cross furnished relief to war-stricken Europe during the last year to the amount of \$51,000,000. The most extensive of overseas activities of the organization, however, ended, during the year with the closing of relief work in France and Belgium.

Red Cross work in Europe, according to a statement issued today from the national headquarters here and based on the forthcoming report for the year that ended last June 30, is now confined to Poland, Serbia, Montenegro, Albania, West Russia and the Baltic states, South Russia, Vienna, Budapest and Constantinople.

In bringing the work in France and Belgium to a close, the Red Cross provided supplies to 3565 villages and directly benefited 30,000,000 persons by gifts or sales at nominal prices. In Italy the need of direct relief practically vanished and the Red Cross confined its work there to war service for American soldiers and their families and the founding of welfare institutions for children.
